## **Disclaimer**

#### Important Disclaimer

This presentation (the "Presentation", or the "document") has been prepared by Jubilant Life Sciences Limited (the "Company") for the recipient for the purpose of providing information on the Company. The contents of this Presentation are confidential and strictly for use by the recipient only. The Presentation shall not, in whole or in part, be disclosed without prior written consent of the Company. This Presentation must not be copied, reproduced, distributed, or otherwise disclosed or passed on to others, in whole or in part, by any means, in any form under any circumstances whatsoever at any time hereafter. The recipient agrees to keep confidential any information contained herein and any other written or oral information otherwise made available in connection with the Company. In furnishing this document, neither the Company, nor its associates and affiliates, nor any of their respective officers, directors, advisors, undertake any obligation to provide to the recipient (a) access to any additional information or to update this document, or (b) to correct any inaccuracies therein which may or may not become apparent.

This Presentation may contain statements about events and expectations that may be "forward-looking", including statements relating to future status, events, prospects or circumstances, including but not limited to statements about plans and objectives, outlook, the progress and results of research and development, potential product characteristics and uses, product sales potential and target dates for product launch are forward-looking statements based on estimates and the anticipated effects of future events on current and developing circumstances. Such statements are subject to numerous risks and uncertainties and are not necessarily predictive of future results. Actual results may differ materially from these forward-looking statements due to number of risks and uncertainties, including future changes or developments in the Company's business, its competitive environment, its ability to implement its strategies and initiatives, respond to industry changes and the political, economic, regulatory and social conditions in India. The Company may, from time to time, make additional written and oral forward looking statements, including statements contained in the company's filings with the regulatory bodies and our reports to shareholders. The Company assumes no obligation to update forward-looking statements to reflect actual results, changed assumptions or other factors.

This Presentation does not constitute a prospectus, offering circular or offering memorandum or an offer invitation or a solicitation of any offer to purchase or sell, any securities of the Company, and should not be considered or construed in any manner whatsoever as a recommendation that any person should subscribe for or purchase any of Company's securities. None of the projections, expectations, estimates or prospects in this Presentation should be construed as a forecast implying any indicative assurance or guarantee of future performance, nor that the assumptions on which such future projections, expectations, estimates, or prospects have been prepared are complete or comprehensive.

This Presentation utilizes information which has not been independently verified (including by opinion, anecdote and speculation) and which has been sourced from a variety of public sources and third parties. Neither the Company, nor its associates and affiliates, nor any of their respective officers, directors, advisors, makes any representation or warranty (expressly or impliedly) as to the accuracy, adequacy or completeness of this document or its contents or of any other oral or written information furnished or made available. The Company disclaim to the extent possible by law, all responsibility in relation to this Presentation.

This Presentation, is not a recommendation to invest, is not an investment advice, and, is prepared to provide background information for investors in relation to the Company. This Presentation does not purport to contain all information investors may require to evaluate an investment in the Company. In preparing the Presentation, the Company have not taken into account the particular investment objectives, financial situation or particular needs of investors. Before making an investment decision, an investor should independently consider whether an investment in the Company is appropriate in light of its particular investment needs, objectives and financial circumstances. An investor should conduct its own independent investigations, due diligence and analysis of the potential benefits and risks of any investment in the Company. An investor should seek professional advice, including tax advice before making an investment decision.

The distribution of this Presentation in or from certain jurisdictions may be restricted or prohibited by law. Recipients are required to inform themselves of, and comply with, all restrictions or prohibitions in such jurisdictions. Neither the Company nor any other person shall have any liability to any person in relation to the distribution or possession of this document or copies thereof in or from any jurisdiction where the distribution of such a document is prohibited or requires special authorisation or any regulatory consent or approval. By accepting this document the recipient has agreed, upon request, to return promptly all material received from the Company without retaining any copies.

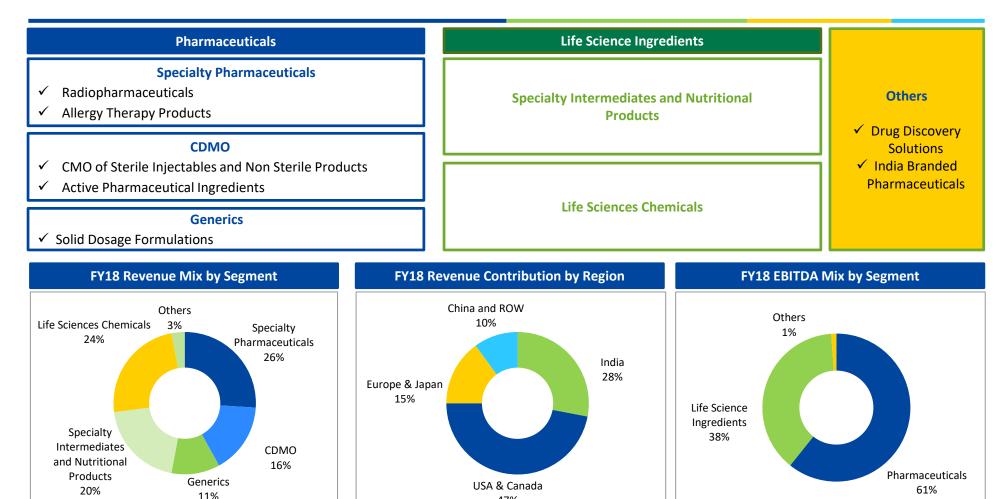

By accepting this Presentation, the recipient agrees that this Presentation is strictly confidential and shall not be copied, published, distributed or transmitted to any person, in whole or in part, by any means, in any form under any circumstances whatsoever and that the recipient has further agreed, upon request, to return promptly all material received from the Company without retaining any copies. The recipient further represents and warrants that it is lawfully able to receive this Presentation under the laws of the jurisdiction in which it is located and / or any other applicable laws, and that it will not reproduce, publish, disclose, redistribute or transmit this Presentation.

#### NOTES

- 1. The numbers for the quarter have been reclassified and regrouped wherever necessary
- 2. Closing Exchange Rate for USD 1 at Rs. 66.25 as on March 31'16, Rs. 64.85 as on March 31'17, Rs 63.88 as on Dec 31, 2018, Rs. 65.17 as on March 31'18, and Rs 69.78 as on December 31, 2018
- 3. The Exchange fluctuation on long term forex loans in Indian books have been amortized over the tenure of the loan period as recommended under Indian Accounting Standards
- 4. Financial numbers FY 2016 onwards, are as per Indian Accounting Standards (Ind-AS)

### **Jubilant Life Sciences Overview**

- USD 1.2 billion integrated global pharmaceuticals and life sciences company
- Strong position in Specialty Pharmaceuticals radiopharmaceuticals, allergy therapy products and CMO of Sterile Injectables & Non- $\geq$ Sterile products

47%

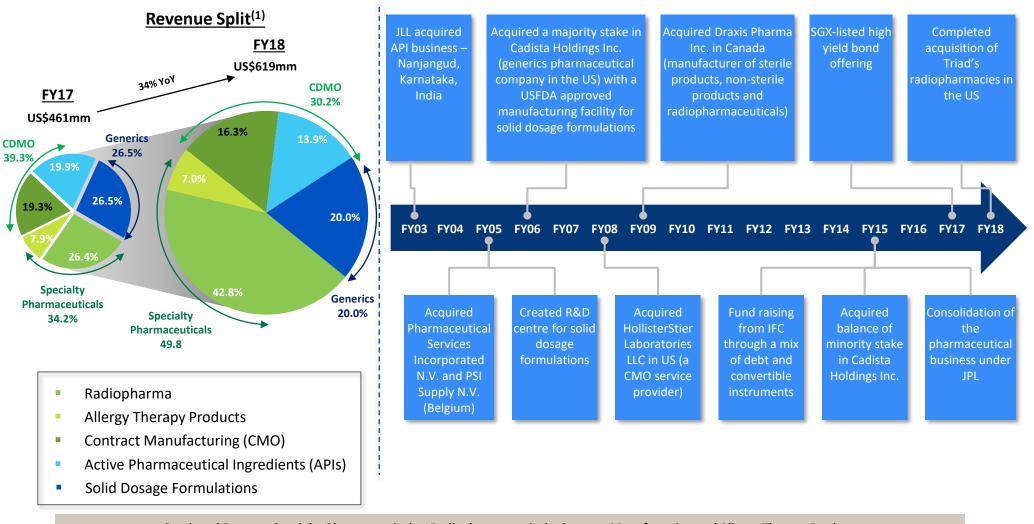

- 6 USFDA approved mfg. facilities including 4 in North America and 2 in India; 5 state-of-the-art LSI mfg. facilities in India  $\succ$
- Expertise in chemistry and manufacturing spanning over four decades of experience  $\geq$
- Employs ~7,700 people globally, including over 2,200 in North Ameriea and more than 500 dedicated to R&D

### **Evolution of Jubilant Pharma**

Continued Focus on Specialty Pharmaceuticals – Radiopharmaceuticals, Contract Manufacturing and Allergy Therapy Products

### **Radiopharmaceuticals Business**

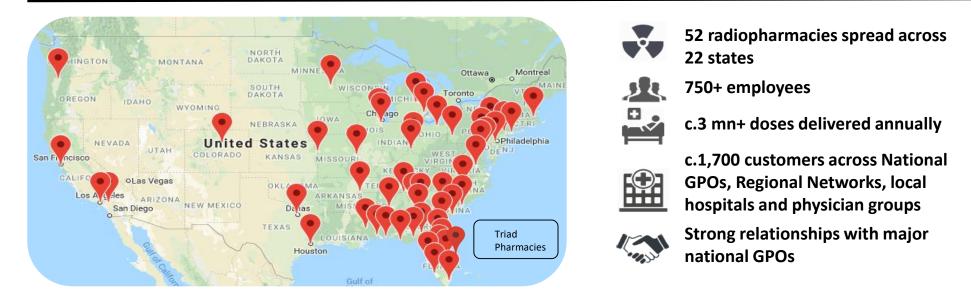

Industry Overview <sup>(1)</sup>	<ul> <li>Radiopharmaceuticals Industry in North America is US\$2.4bn, expected to grow at CAGR of 6.2% to reach US\$3.5bn by 2023</li> <li>Oncology and cardiology diagnosis accounted for 69.4% of the industry in 2017</li> <li>Increase of cardiovascular, cancerous and neurological diseases are likely to drive molecular imaging procedures</li> </ul>
Business Overview	<ul> <li>Specializes in cardiology, pulmonology, oncology and endocrinology as well as bone, brain and renal imaging</li> <li>Supplies 14 diagnostic and therapeutic radiopharmaceutical products to 18 countries</li> <li>#3 radiopharmaceutical manufacturer in nuclear medicine industry in the US based on revenue<sup>(1)</sup></li> <li>Customers include 3rd party commercial radiopharmacy networks, our radiopharmacies, hospitals, standalone imaging centers and cardiologists</li> <li>Long-term contracts in place in the US</li> <li>USFDA approved manufacturing facility at Kirkland, Montreal</li> </ul>
Products	<ul> <li>MAA for lung perfusion imaging (100% market share<sup>(1)</sup>)</li> <li>DraxImage® DTPA for lung ventilation and renal imaging (100% market share<sup>(1)</sup>)</li> <li>HICON ® Sodium Iodine-131 solution for thyroid disease and thyroid cancer management (One of the only three manufacturers of I-131 (Thyroid) globally<sup>(1)</sup>)</li> <li>RUBY® Rubidium Rb-82 Generator and RUBY® Rubidium Elution System (505 (b)(2)products) for myocardial perfusion imaging with PET</li> <li>DraxImage® Exametazime (505 (b)(2)product) for intra-abdominal infection and inflammatory bowel disease</li> <li>Planning to file NDA for I-131 mIBG (currently undergoing Phase II and Phase III clinical trials in US) and 505(b)(2) for 8 other products</li> </ul>
Strategy	<ul> <li>Achieve market leadership in the nuclear medicine industry</li> <li>Increase market share of RUBY-FILL® Generator and RUBY Elution System™ - cardiac PET imaging</li> <li>Leverage leadership in existing products</li> <li>Expand product portfolio through launch of niche and differentiated products</li> </ul>

Market Size of Industry in North America

### **Radiopharmacy Business**

- # 2 commercial radiopharmacy network in the US, operated under the "Triad Isotope" brand  $\geq$ 
  - Facilities also include three operational cyclotrons
- Multi-year agreements with GPOs in place

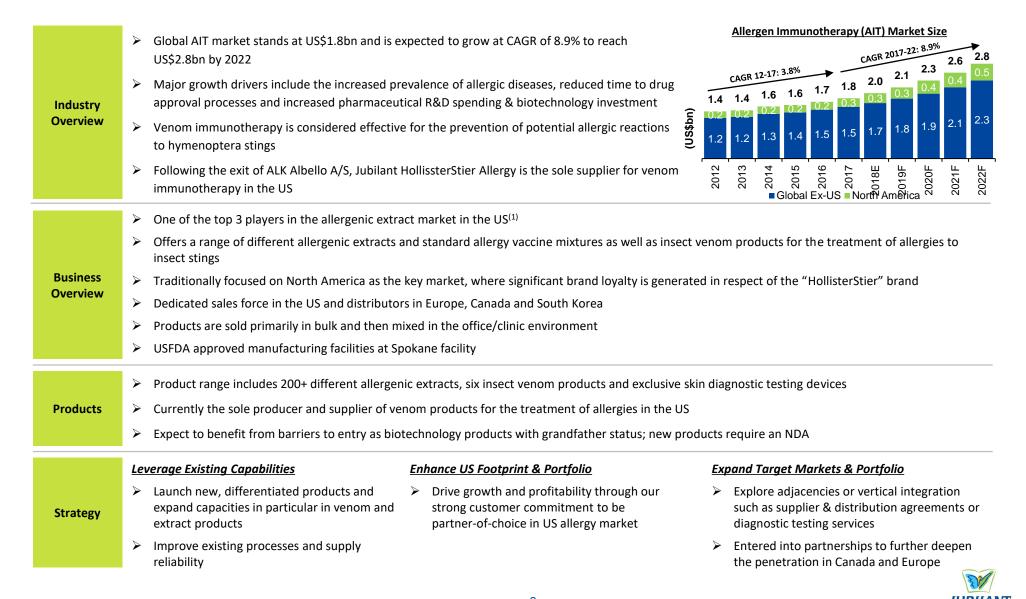

### Build the nation's premier centralised radiopharmacy network

- > Optimizing coverage of radiopharmacy network through further additions and improvements or consolidation
- Establish new distribution channels through collaboration and contractual arrangements with strategic Strategy partners
  - Geographic expansion in US and Canada by increasing brand recognition among hospital networks.

### **Solid Dosage Formulations Business**

≻	Global generics pharmaceutical industry stands at US\$111bn
	and is expected to grow at CAGR of 5.2% to reach US\$136bn
	by 2023

- It is estimated that there will be USD72.5 billion worth of small molecule drugs will have patent expiry from 2018 -22
  - Pharmerging market has seen strong growth both in volume (6.2%) and value (4.1%) in the recent past (2011-2016)- driven by preference for branded generics coupled with increase in out-of-pocket spend

- > 54 commercialized generic sound dosage formulations products across the US, Europe, Canada, Australia and the rest of the world<sup>(3)</sup>
  - ➢ 96 ANDA filings in the US of which 35 are pending<sup>(2)</sup>
  - $\blacktriangleright$  We are one of the market leaders in select key products in the US<sup>(1)</sup>
  - > Benefit from backward integration into API business supported by in-house R&D facilities
  - Manufacturing facility at Salisbury, US (USFDA) and Roorkee, India (USFDA, UKMHRA, PMDA Japan, ANVISA Brazil and MCC South Africa)
- #1 player in 3 products with over 35% share in each of the three products
- Amongst top 3 players in another 2 products
  - Amongst top 5 players in another 2 products

> Aim is to be the first to enter and last to exit using our chemistry and R&D capabilities and manufacturing expertise to drive growth

- > Focus on investment in R&D in order to increase our ANDA filings and approvals
- Focus on cost leadership with increased integration of in-house APIs
  - > Expand business into emerging markets by leveraging existing US filings
  - Increasing solid dosage formulations capacity at Roorkee facility
